

Transition to School Workshop

Is your child heading off to primary school in 2019 or 2020?

Have you got questions about if your child will be 'ready' for school?

Do you know the first steps in picking a school?

Are there things that you think might be a challenge for your family with your child attending school? Things that you think may take some time and support to ensure that your child, their school and your family feel 'school ready'?

Workshop details

At this Transition to School Workshop, educators from Aspire Early Childhood Intervention will discuss the different ways you can assist your child with some school readiness activities. Discussion will also include how your family can be supported in navigating the enrolment process at different local schools.

This workshop is aimed at families of young children with developmental delays, concerns or diagnosed disabilities. It may also be relevant for early childhood professionals, allied health professionals and other community members.

When: 7:00pm to 8:00pm, Wednesday 1 August 2018

Price: Free

Location: Aspire Support Services
220 Borella Road, Albury
