Specialist Services

A range of services

Aspire provides range of specialist services to children, young people and adults.

Early Childhood Intervention

Our team provides quality early childhood intervention services to young children and their families.

The Early Childhood Intervention Team includes:

- Educators
- Occupational Therapists
- Physiotherapists
- Speech Pathologists

We will work with you and your child using a transdisciplinary key worker model of service delivery.

Early Childhood Intervention also offers a range of specialist early childhood groups for children to support their learning, play and social skills.

Clinical Services

This team works with young people and adults who require specialist services to access their community and life.

The Clinical Services Team includes Speech Pathologists, Psychologists and Occupational Therapists and will work with young people and adults in a multidisciplinary approach to achieve their goals.

Behaviour Support

This team develops behaviour support plans, provides training, recommendations and strategies to individuals, parents, carers and/or support staff to help them reduce and manage behaviours of concern. The team also develops resources to support the implementation of plans.

Support Coordination

Our Support coordinators work creatively and resourcefully with you to best understand how to utilise your NDIS supports budget to achieve your goals.

Support Coordinators may also help you to negotiate services and prices, link to mainstream or community services, arrange assessments and liaise with service providers and plan managers.

Psychology

This team provides counselling to assist you or your family member to work toward their goals.

They can also provide cognitive, adaptive or educational assessments.

Specialised Training

All of the teams can develop and provide specialised training.

Give us a call to discuss your needs and we can develop a training package tailored to your needs.
